FAMINE IN JERUSALEM.—A letter has
been received in London from the Anglican Bishop
of Jerusalem which corroborates the statement
made on this subject by Sir Moses
Montefiore. The bishop in his letter says:—
"A small donkey's load of water costs 6d.
to the poor Jews whose family income is 1s. 1d.
per week. Many Moslems and nominal
Christians are in the same position. What is
most dreadful to contemplate is the fact that
the springs near Jerusalem are drying up.
But there is another more terrible calamity
still. The locusts are spreading over the moun-
tains of Judah and Samaria, in the valley of
Jordan, and in the plain of Sharon and Galilee,
having come to lay their eggs, which will be
hatched before the harvest, and as the
Arabs say that each couple lay two hundred
eggs, countless millions will appear, eating
every green thing, poisoning the ground, and
thus preventing grass growing for the cattle."

Mr. Porter, of "Virginia," in the House of
Representatives on Monday endeavored to have
an enquiry made into the municipal troubles at
Richmond, but it was seen that it would be
opposed, and he withdrew it. A Washington
dispatch says:—"Some of the Virginia dele-
gation in the House have endeavored for the
last two weeks to get a resolution or bill
through, or to effect some kind of legislation,
for the interference of Congress in the municipal
troubles in Richmond. It was attempted
again in the House to day, and would have
succeeded but for the democrats, who stayed
it off by parliamentary strategy. The recon-
struction committee, or a majority rather, do
not believe it worth the while for Congress to
attempt to do anything, but to leave it to the
courts, as it is merely a legal and not a political
matter."

PLEASANT NEIGHBORS.—Two families, named
Grisham and Milback, living in Paterson, N. J.,
have for a long time lived at loggerheads. The
climax was capped on Thursday night by
Mrs. Milback putting into the woodpile of
Mrs. Grisham a hollow piece of wood filled
with gunpowder—a sufficient quantity to have
blown the house to atoms, the office of the
internal machine being tightly plugged up.
The dangerous piece of kindling was, however,
accidentally discovered, and Mrs. Milback was
arrested and compelled to give security for
appearance at court. This is said to be the
second attempt of the kind by Mrs. Milback
to "blow Mrs. Grisham up," and the people
of the neighborhood are anxious to have her
moved to some other locality.

WASHINGTON ITEMS.—Since the opening of
the spring the note of preparation for building
and repairing has begun, and the amount of
building material being collected at different
points and contracts being made with workmen,
indicate that the city's growth will be as rapid
this season as it was the past year.

Mr. Henry Queen, an old resident of the
District, died at his home in the country yes-
terday of heart disease.
A bridge is at length to be built over the city
canal at its junction with Sixth street west,
which, when completed, will open up a direct
route from Pennsylvania avenue to the steam-
boat wharf at the foot of that street.

The Schuylkill miners are seeking to control
the whole business of the proprietors of the
mines—and there is a strong feeling against
them. The heavy Laokawanna operators who
are both producers and carriers of coal, being
freed from the basis question, and their men
steadily at work, are driving a very profitable
trade. The coal of the more northern coal re-
gions, being nearer the great Eastern markets,
and of a quality to command higher prices, the
trade of the Schuylkill region is suffering
severely.

The Committee on Foreign Affairs of the
House of Representatives report in favor of de-
manding from the Venezuelan government an
immediate payment of the claims of the U. S.,
against that government; and to enforce the
payment of the demand if not complied with.

Every effort is to be made in the House of
Representatives to pass the Tariff bill, the
friends of different interests giving and taking
all they can yield or get so as to secure for
their particular interests the most they possi-
bly can effect.

The report of Ladies' Fashions says that
"the Elizabethan ruff is coming into fashion."
See the pictures of Queen Elizabeth published
in the old English histories. We can then
have an "idee."

MISCELLANY.—In the returns of exports of
domestic products during the last month is the
following: Fish spawn, to Scotland, \$1,288;
to France, \$1,410. This is a new article of ex-
port, and it is said will become quite a feature.
R. M. Hall and H. D. Cooke have given
\$500 each toward the purchase of ground and
buildings for the American Printing-Press for
the Blind and the American University for the
Blind. The buildings are to be located in the
District of Columbia.

The number of vessels belonging to or bound to
or from ports in the United States reported to-
tally lost and missing during the past month is
36, of which 18 were wrecked, 5 abandoned, 3
foundered, 1 abandoned after collision, 1 burnt,
and 8 were missing. They are obliterated as fol-
lows: 3 steamers, 2 ships, 9 barks, 2 brigs, 19
schooners, and 1 sloop; and the total estimated
value, exclusive of cargoes, is \$1,448,000.
